100% certified organic cotton fabric

- Built in pocket on mask interior to insert additional filter production.
- For extra protection, two PM2.5 carbon filters are included with each mask purchase
- Each mask holds a unique embroidered detail on the interior pocket flap
- Adjustable cotton corded straps
- Three pleat design for adjustable fit to face
- Hand stitched in Massachusetts
- One face mask per qty
- All of our products are handmade and therefore one of a kind. Variations should be expected and embraced.
- Linda Cabot Design is small batch production, quantities are limited

As a result of the COVID-19 pandemic, Linda Cabot Design is doing their part in answering the call for face mask production. Made in MA with 100% certified organic cotton fabric, these face masks are meant to be worn, washed and re-worn to protect ourselves and our community from the spreading of the coronavirus.

Each has a built in pocket on mask interior to insert additional filter production and adjustable cotton cord straps.

Each of our cheery face mask patterns and color options are designed to bring happiness as we social distance and live the new “norm”.
